

Value Grade Barricade Tape

Looking for an opening price point barricade tape product? Look no further than our "Value" grade film. This product is made from a lighter gauge film from 100% virgin resin. This offers excellent strength and opacity for its thickness. This product would be a good choice for general light duty usage such as home and retail style applications.

We also offer our "Premium" grade for heavier usage requirements. We currently only offer the listed stock legends in this "Value" priced product, but custom legends and special legends available on request. Please call for details.

Also available in our exclusive dispenser box for an additional charge. All rolls are 3" x 1000' (72mm x 300M) on a 3" core. Check our website at www.incomdirect.com for product specifications.

BARRICADE STAKES

Durable metal stakes will hold barricade clearly visible. White powder coated support stakes with step (12/pkg)

Stock No.: BTSTK **Size: 36"**

Premium Grade Barricade Tape

Our Premium Grade Barricade Tape offers a cost effective way to safely mark your hazards. The upgraded film thickness on these products offers better longevity and will perform longer in windy outdoor environments.

Rolls are printed either black on safety yellow or black on fire red. Choose from one of our stock legends listed below or we can make any legend you require. Please call for details. All rolls are 3" x 1000' (72mm x 300M) on a 3" ID core.

Rolls may also be ordered in our exclusive dispenser box at an additional charge. Please add DB to the part number.
