

# Premium Grade Anti-Slip Tape

**G**ator Grip Traction Tape is our premium brand anti-slip system to help ensure an OSHA compliant workplace. Constructed from a thick PVC base layer impregnated with an aggressive 60-grit mineral abrasive compound. The backing has an aggressive acrylic adhesive system for longevity that will form a strong, water-proof bond to most any clean, dry surface while still being temporarily repositionable during the application process.

Gator Grip is a great choice for both indoor and outdoor environments offering our highest wear resistance, weatherability. Recommended product for long term and OEM applications. Gator Grip Traction Tape is certified by the National Flooring Safety Institute 101-A "High-Traction", and meets or exceeds OSHA 1910.24 and 1910.26. Gator Grip offers excellent chemical and oil resistance for a wide variety of applications.

We have just launched a lead free program for our Gator Grip series of non-skid tapes that ensures a safer product for you and the environment. These products are now RoHS compliant and lead free for added safety for the people who use them.

Our 1" grid printed line makes it very convenient for both customers and your employees to cut exact lengths without having to look for a measuring device

Conveniently printed bold marking lines every 12" on liner helps to dispense product by the foot

# Premium Grade Anti-Slip Cleats

Our Gator Grip die cut shapes are made from the same material as our Gator Grip products, but pre-cut to give a finished look on your floor or equipment.

All Gator Grip anti-slip shapes have rounded corners to reduce edge "flagging" and corners from lifting. An acrylic adhesive system forms a strong bond to most any clean, dry surface. Gator Grip cleats work well in both indoor and outdoor applications. Water, chemical and oil resistant for indoor and outdoor usage.

Custom die cut shapes and printing available to suit your application.

Gator Grip cleats are NFSI certified as a "High Traction" surface and meet or exceed OSHA 1910.24 and 1910.26

# Super Coarse XP 24-Grit Anti-Slip Tape

Looking for the ultimate in high traction, choose our Super Coarse XP non-skid. This product has a large (24-grit) mineral abrasive surface offering a high level of slip resistance.

Super Coarse XP would be a great choice for areas where large amounts of debris are present resulting in reduced surface traction. Tape is suitable for both indoor and outdoor applications and is backed with a permanent pressure sensitive adhesive system.

Meets or exceeds OSHA 1910.24 and 1910.26

# Heavy Duty 36-Grit Anti-Slip Tape

Heavy foot traffic and dirty work environments can clog up standard grit products with mud, oil, saw dust, liquids and grease. Our Extra Coarse Gator Grip offers a very deeply textured (36-grit) surface to continue to offer non-slip protection, even in the dirtiest conditions.

Tape can even be spray painted and still maintain a anti-slip surface. Tape is water-proof for both indoor and outdoor applications, and offers excellent hydrocarbon resistance. This tape has a very aggressive grit surface and is recommended for areas with heavy debris only.

Custom slitting and die cut shapes for OEM applications also available. Great for mud, saw dust, snow and other outdoor applications. Meets or exceeds OSHA 1910.24 and 1910.26.

# Foil Backed Anti-Slip Tape

Our conformable foil backed anti-slip tape is for heavy duty textured surface and stair nosing applications. The foil carrier allows for excellent conformability and will hold its shape to most any embossed or textured surface with an aggressive adhesive.

This product works great on steel tread plate, stair nosing, uneven concrete and most uneven surfaces. Tape has an coarse 46-grit surface.

Great for indoor and outdoor applications with excellent weatherability and water resistance.

Custom slit widths and die cut applications also available. Meets or exceeds OSHA 1910.24 and 1910.26.
